Cattleman's Advantage Bull Sale

Selling 157 Yearling Angus Bulls

Thursday, February 28, 2019 • Manhattan, Montana

Welcome to our "Cattleman's Advantage Bull Sale!"

Because we've all read many welcome letters in this business, we decided to take another approach, much like we do in how we raise our cattle...by getting back to the basics of our beliefs.

Our Goal

Every year at VDAR is broken down into seasons...calving season, breeding season, a season of farming and production, and so on. Our goal is to make each of those seasons as labor-free as possible. This is one of the main reasons why fertility is such a critical component of our operation. Calving season is one of the more difficult times of year, especially calving in January and February in Montana. Therefore, the shorter the calving season, the better! For generations, our cattle have been bred to calve within our 42-day calving season and from there, to perform on their own until weaning in the fall. High fertility, easy calving, structural correctness and great mothering ability in our cowherd all make our lives easier when it comes to taking care of those cows.

Our Plan

As each year goes by, we have been convinced that the use of our own herd bulls is the most effective way to perpetuate our goal and to provide you with bulls that will do the same.

Our Hope

We desire to make a lasting impact on your herd and your bottom line through the ways listed above. We hope to continue forming more partnerships and connections that will further enhance the success of your operation, just as we have with many of our long-time faithful buyers. And you can feel confident in the reputation of our one-year breeding guarantee!

Our Joy

If you're new to VDAR, the welcome mat is always rolled out! If you're an old friend, come on in, enjoy some coffee and let's go look at cattle together! Our families are extremely grateful to be in the cattle business and we appreciate the friendships we've formed most of all!

Our Prayer

Our "founding father," Clarence Van Dyke, has experienced major health issues this past year. He longs to head to heaven to be with his precious Marian...so we ask for your prayers for his remaining days and for all the family who love him so much. For the first time in our history, he won't be at the sale...so we will carry on and continue the legacy he's built over the years!

The Van Dyke Angus Ranch Family

Sale Day Phones

- 406.580.1606 Tom Wulff (cell)
- 406.579.2585 Lee Van Dyke (cell)
- 406.579.0798 Tim Crabtree (cell)

Sale Day Conference Call

Bill Pelton will maintain a conference call sale day for those not able to attend the sale. See page 8 for further information.

Sale Location

The sale will be held at Van Dyke Angus Ranch. The sale barn is located 1 mile east of Manhattan, Montana, on the Frontage Road.

Sale Headquarters

- La Quinta Inn and Suites, Belgrade, MT 406.388.2222
For a special rate, let them know you're coming to the sale!
- Other lodging suggestions:
- Holiday Inn Express, 406.388.7100
- Super 8, Belgrade, MT 406.368.1493

Transportation

Bozeman is served by Delta, Alaska, Frontier and United Airlines at Gallatin Field, one mile east of Belgrade or 8 miles northwest of Bozeman.

EPDs

EPDs are current as of 1/31/19.
Updated EPDs can be viewed at www.angus.org

Livestock Publication Representatives

- Kurt Kangas, *Angus Journal* - 406.366.4190
- John Goggins, *Western Livestock Reporter* - 406.373.5000
- Jeff Thomas, *Prairie Star/Farm & Ranch Guide* - 406.581.8859
- Bill Pelton, *On Assignment* - 406.656.3615

Genetic Defects

The American Angus Association has identified different genetic defects in the Angus breed. We are fortunate that we have very few of the affected pedigrees. However, when there is a possibility, all animals involved have been tested free of all known genetic defects.

Retained Interest

Van Dyke Angus Reserves the Right to 1/3 semen interest in all sale bulls. The 1/3 semen interest is a semen revenue sharing interest only, with 100% of the bull's salvage value belonging to the buyer.

Terms & Conditions

All cattle sell under the standard terms & conditions as adopted by the American Angus Association.

Settlement & Delivery

All bulls are to be settled for sale day unless prior arrangements have been made. In regards to the bulls selling, Van Dyke Angus is offering to feed, maintain and fertility test for an approximate March 15 delivery. Free delivery is available in Montana and surrounding states.

All bulls are fully guaranteed for one full breeding season.

Food & Refreshments

Will be available throughout the duration of the sale. There will be a delicious tri-tip lunch beginning at 11:30 a.m.

Buyers unable to attend the sale may send bids to the auctioneer or any of the field men listed above or access our Bidder Conference Call managed by Bill Pelton.

(see page 8 for further information)

DVAuction

www.dvauction.com

Watch & Bid online for FREE!

Can't make the sale?
Let DVAuction bring the sale to you!
Busy during the sale?
Let DVAuction represent your bid!

Visit www.dvauction.com and Register!
It's as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "create new account" tab
2. Apply for bidding by clicking "apply for bidding" in the upper left corner of your screen, at least 24 hours prior to the auction
3. Tune into the sale and make your purchases!

Sonny Boy was the high selling bull of the 2015 VDAR bull sale. He also sired the high selling sire group of the 2017 and 2018 bull sales. He has become an integral part of our breeding program, due to his exceptional foot and leg structure and gentle disposition. His sons continue that trend; we are currently using three of them in our program. His first daughters calved last year, with an average nursing ratio of 103, they all bred back on time.

Co-Owned with Jenkins Cattle Co, Moultrie GA, Lindskov & Thiel Ranch, Isabel SD and Genex.

Semen available from Genex.

VDAR Cedar Wind 512 is one of the most exciting young sires VDAR has used in many years. His first bull calves ratioed 95 at birth and 107 at weaning and 106 at yearling. 512 is owned with Southern Cattle Company, Mariana, FL, and the reports from Ken Stewart are nothing but stellar. Ken stated, "The calves come easy, are the right size, and are extremely uniform, whether out of our Brangus, Simmental or Angus cattle."

Contact Van Dyke Angus Ranch for semen.

This is a bull that packs a punch, the \$22,000 selection of the 2017 bull sale. 723 was a complete standout from the time he was born. He had a weaning ratio of 109 and a yearling ratio of 106. More impressive than his individual performance is that of the cow behind him. VDAR Forever Lady 1409 has been a true standout. She has had 4 bull calves, 3 of them have seen use in our own herd, averaging over \$20,000 each. Showdown's Pathfinder dam has a calving interval of 369 days, a weaning ratio of 107 and a yearling ratio of 107 on 6 head. The feet and disposition of Showdown are remarkable, much like his sire. We have used Showdown heavily on cows and heifers with tremendous success.

Co-Owned with Hartman Angus, Grand Island NE.
 Semen Available from VDAR.

Black Train is a Crook Mt Windy 141 son stemming directly from some of the very best bloodlines VDAR has to offer. His mother is a direct daughter of Leachman Right Time and VDAR Lass 5186, the foundation cow of the prolific Lass Family. Black Train himself has almost 300 head weaned, with a ratio of 101. His calves have also recorded an average yearling ratio of 101 on 110 head. His flush sisters have been doing a phenomenal job. Two of them have produced sires of bulls on this sale! We have four maternal sisters to Black Train, all of them have an incredible phenotype and are some of our very top end cows. Black Train daughters have weaned 75 calves with a nursing ratio of 101.

Co-Owned with Crook Mt Angus, Whitewood SD and Ron Robinson, Orlando OK.

Semen Available from VDAR.

Stout was one of our top picks on the 2014 bull sale, and has seen heavy use ever since on both heifers and cows. They are extremely correct cattle with phenomenal front ends. The kind that make lasting females. His daughters have done a tremendous job with an average nursing ratio of 103. Perfect uddered and extremely sound, just like his mother, who at six years old entered our donor program. His maternal sister is the dam of VDAR Gallatin 7586, whose first calves sell this year, with many more on the ground. Stout sons can make a positive impact on the females in any herd.

Co-Owned with Jenkins Cattle Company, Moultrie, GA.

Semen Available from VDAR.

"T10" is a Pathfinder Image Maker son from White Ridge Angus in Virginia. We decided to use him after seeing daughters in several herds that were VDAR type females, beautiful fronted, feminine cows with ideal udders under them. T10 sons are exceptionally thick and deep bodied. We just calved in our first daughters of this bull and they do not disappoint. They are beautiful cows with perfect udders and lots of production. His daughters have a nursing ratio of 103 on 191 head.

Co-Owned with Leroy Logterman, Manhattan, MT and White Ridge Angus, Somerville, VA.

Winston was our top pick from the 2016 bull sale. He is a true calving ease bull, over 200 calves have a birth ratio of 98. He comes from a beautiful cow, who is a flush mate to VDAR Black Train 1243. We calved in our first daughters this year, and they do not disappoint. Excellent structure and eye appeal wrapped up in an easy calving package.

Co-Owned with Gnerer Angus, Hammond MT.

Semen Available from VDAR.

Cedar Wind was the sale topping bull of the 2012 bull sale at \$37,500. He was impressive then and has continued to be ever since. He is a sure fire calving ease sire that has turned into a maternal giant. Cedar Wind has been proven across the board, his CED and BW are in the top 10% of the breed. On birth weight, he has 783 calves reported at with an average ratio of 99. One of the great aspects about Cedar Wind is that you get extreme calving ease, without sacrificing growth; in 63 herds on 754 head he has a ratio of 100 at weaning, and records the same ratio at yearling. Cedar Wind daughters are truly a joy to calve. They are fantastic mothers with the sweetest dispositions you will find anywhere. His daughters have made a huge impact here, raising off some of our best calves and breeding back remarkably well. We have found them to be as fertile of cows as we have and Cedar Wind himself ranks in the top 10% of the breed on heifer pregnancy. His mother is 10 years old and has a calving interval of 366 days. They are ideally udders, beautiful young cows that are getting it done everywhere. In 32 herds Cedar Wind Daughters have nursed off 275 calves, with a ratio of 100.

Co-Owned with Roseneath Plantation, Gloster LA, and Universal Semen Sales.
 Semen available from Universal Semen Sales.

A very special man in Tom Wulff's life, his amazing ag teacher from Woodland, CA. His influence saw Tom through the toughest time of his life... and instilled in him a life-long passion for agriculture! Thank the Lord for teachers and heroes like Mr. Lafe Kincaid! You will be dearly missed!

VDAR Black Cedar 2114 is a VDAR Black Cedar 8380 son out of an N Bar Shadow daughter. His mother is a beautiful cow with a fantastic record; her mother is a full sister to VDAR New Design 2122. A longtime standout herd sire here. 2114's dam has a calving interval of 367 days, and a weaning ratio of 102. Her flush sister has a calving interval of 367 days, a weaning ratio of 107 and a yearling ratio of 104. Both are truly outstanding cows. His first calves were the high selling bull and sire group of the Logterman Angus Bull Sale.

Co-Owned with Logterman Angus, Manhattan MT.

Semen Available from Logterman Angus.

Clarence treasured sale time as he loved seeing many special friends in the cattle business. From 2017, he catches up with Joe and Renee Gnerer

Charles Pera...enjoying a plateful of fixin's before heading out to bring in the bulls!

“Sorrow looks back.
Worry looks around.
Faith looks up.”

We purchased Power Alliance from Hartman Angus in 2017, as the high selling bull of their sale. He is an extremely thick bull that throws lots of growth in a complete outcross from our herd. His dam is a donor for Hartman's and is still in production at 16 years old.

116 is a bull we purchased from Crook Mt Angus, he comes from our Lass 3123 cow, a flush sister to VDAR Black Train 1243. His Sire is a Hero 2418 son out of a cow that we purchased from Stan Caldwell in Vermillion SD. His pedigree is loaded with highly maternal cattle. We have used him on both cow and heifers. He's easy calving and our daughters look fantastic. Co-Owned with Crook Mt Angus, Whitewood SD. Semen Available from VDAR.

**To provide breeding stock to our customers
that will increase their profitability!**

*We demand that our cowherd calve in a 42 day calving season without exception.
This one management strategy dictates that our
cowherd become highly **UNIFORM, FERTILE & FUNCTIONAL!***
